200 PMP EXAM QUESTIONS & ANSWERS BY TOM JAMES

PDF

Congratulations on your decision to become a certified Project Manager Professional (PMP®). The PMP® Exam is unique in how it challenges candidates. Being certified by an independent, reputable organization like PMI is a mark of quality and is becoming more a requisite than an additional qualification in the marketplace today.

Our PMP® Exam Question book is for those who intend to take the PMP® certification exam. This book is based on PMI's Guide to the Project Management Body of Knowledge (PMBOK Guide), 4th Edition where approx 80% of exam questions you will be asked are sourced from. We also include other material relevant for the exam.

We also have provided information to help you through the application and to help you understand the exam format.

For many people, the terms and definitions that are provided within the PMBOK Guide – Fourth Edition guide are new or at least different from what they have experienced in the real world. It is important that you have a deep understanding of what is contained within the PMBOK Guide before you consider taking the exam.

Speaking from personal experience the single best way to prepare for the exam is to complete as many sample questions as possible. There is no better way test how much you know and increase your knowledge than completing a complete mock exam that will mirror what you can expect to encounter in the real exam.

The questions contained within this book will mirror that questions format, difficulty and length that you can expect to have to answer in the exam. In this book we focus on:

Formula Based Questions based on the approximately 50 formulas one must know for the PMP® exam.

Situational Based Questions which test your ability to apply PMBOK theory to real life project scenarios.

Knowledge Based Questions ask you to identify the meaning of a project management terms or concepts based on the information provided.

Interpretational Questions ask you to provide the best option to take once you are given a description of a situation.

We provide the answers along with a detailed explanation for each question complete with PMBOK reference details.

This book is specially formatted for your Kindle with a fully functioning table of contents, answers available after each set of questions and the answers sections have the questions repeated so no more trying to remember what the question was!

If you looking for professional PMP® mock exam then this is the book for you along. We wish you the best

of luck in the exam and we hope this book will help not just pass the exam but also on your Project Management journey.
