Review

"The visual element of this text is great. Students are media consumers; this content allow those well formed habits to be used for learning. The visuals on the page are extremely engaging and grab the reader's attention." - Julian Chambliss

"The greatest strength of Visions of America is the 'read-ability' and the relaxed narrative form of writing. The writing style helps keep students engaged in the chapter and keeps them from losing interest. The pictures, illustrations and maps help make the material more reader friendly as it engages other aspects of learning comprehension." - Robert Brennan

See history. Understand history.

Praised by instructors and students alike, the first edition of Visions of America has brought history to life for a generation of visual learners—and has shown how competing visions of America have shaped our nation's past.

We've made the second edition of this program even better by adding engaging new features and even easier access to new teaching resources. And, thorough integration with the new MyHistoryLab enables instructors to personalize learning for each student.

A better teaching and learning experience

This program will provide a better teaching and learning experience—for you and your students. Here's how:

- **Personalize Learning** – The new MyHistoryLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.
- **Improve Critical Thinking** – Chapter openers and end-of-chapter study materials that are tied to MyHistoryLab combine visual sources, narrative, and questions to help students study effectively.
- **Engage Students** – Features focusing on visions that have shaped America and images are integrated with the new MyHistoryLab for a comprehensive learning program.
- **Support Instructors** – MyHistoryLab, Annotated Instructor's eText, MyHistoryLab Instructor's Guide, Teaching Images and Teaching Notes, Class Preparation Tool, Instructor's Manual, MyTest, and PowerPoints are available to be packaged with this text.

Concise but complex

By Kerry

This is the first college text books I read more than required of by the professor. Although I was familiar with almost all of the subjects it shed new light on American history that I had not seen before. Events were easy to connect and understand. Everytime I read I found myself thinking "wow, I had no idea".

History 102 Book

By Harley Tech

This book is great!!! Normally I don't find myself enjoying the textbooks I use for college, but this is one example of a text book I can actually read and understand. Maybe it just because I love History in general. Great book, recommend getting it, especially if you need it. Heck, even if you don't, its always fun to read!
