"How far would you go, sacrificing your love and happiness, just to honour a commitment?"

How far would you go, continuously punishing yourself, just free yourself of guilt?

How far would you go, constantly lying to yourself, just so you can achieve dreams that aren't even yours?

With BUSINESS AS USUAL, Deepak Chawla brings together stories about such individuals, whose convictions are bigger than their situations.

Set in the urban milieu of the modern corporate world, these stories are about people who are often at crossroads making choices between values, beliefs, obligations, and convictions. But who, like most of us, ultimately deal with life with supreme tenacity, strength and courage. Because in the end, it will be BUSINESS AS USUAL."

Timely and relevant

By Avid Reader

I've always tried to achieve a work life balance but it seems very elusive. This gem of a book helps put it in perspective and through a collection of stories provides both reflection and suggestions for achieving it. I

think the way it is written makes it more relevant because you can reflect on the "real life" consequences of the choices we make.
