Return to Shamballa

By Jeremiah Townsend Jr.

I read this graphic novel many, many years ago. When I was too young to actually appreciate it. Even then, I knew I had read something special, I liked it, but I didn't love it. Now, many decades later, reading it for the second time, I will use a word that is not normally associated with super heroes. Beautiful. The art and the voice of the novel are incredibly in sync. The pacing and coloring work together to set the mood for this philosophical story. I'm so glad I hunted down a copy and truly enjoyed returning to Shamballa.

Dr.Strange's Magical Mystery Tour !

By Winston Blakely

Dr.Strange -Shamballa is a journey for the good doctor as well as the reader. It starts in the Ancient One's home, high in the Himalaya mountains. I can't tell you where it ends, because that would spoil the irony of it all. Being a student of mystical logic, Strange is left with a puzzle to figure out, after the recent death of his mentor. ( The Ancient One.) It's not a drunken walk that he goes through but a precise bombardment of images, urges, desires and surrealistic temptations. Origins of magic, sorcery are invoke in this travel and Strange must acknowledge them all. In the end he is truly... Master of the Mystic Arts.

Amazing

By G

Amazing artwork. Fantastic look into the world of the sorcerer supreme. A must own for Dr Strange fans.
