what I've come to expect

By B.E. Love

As always Sam Crescent delivers a great book with a alpha hero hard not to love. While attending a party her family expects her to attend Jennifer steps away to be alone for a few minutes and that's when she meets Patrick. Patrick is instantly attracted to Jennifer so he makes quick work of getting her to spend time with him. Jennifer knows immediately who Patrick is she also knows he rich, he's a playboy, and he's gorgeous, but Patrick seems different and while they talk Jennifer decides to give into his charms. A few weeks later it's becoming clear Jennifer is pregnant and she knows not only will her parents be furious but that this baby will be her responsibility. Patrick has looked for Jennifer and with only her first name has had no luck finding her till he see's her in the newspaper after an incident where she got sick in a restaurant. And because of this and being in the heat of the moment and not using protection he is sure this is a sign she's pregnant with his baby. Now with her last name he is able to find Jennifer and immediately goes and finds her. When he see's her his feelings are just as hot as when her first saw her and he talks Jennifer into getting to know each other better. Jennifer agree's to Patrick's suggestion of getting to know each other and then deciding what to do from there, the more time they spend with each other the closer they become. Till Patrick starts to pull away. Then the unthinkable happens. And Patrick will have to decide what he really wants and if he is willing to do what he needs to to get what he wants back. In all of Sam Crescent's books I know I will have an alpha hero, passion, conflict, and a great story and this story was just that. The beginning felt a little rushed and I wished we had gotten more but overall this was a great Sam Crescent novella, Just what I've come to expect from Mrs. Crescent.

Good Reading

By LAS Reviewer

Heart racing and adrenaline-pumping, Patrick is a playboy meeting a heavy girl. She's was in the same circle family-wise-kind of. He loved the playboy life and sleeping with anything that had boobs and skinny body. Jennifer was always looked down upon because she wasn't a skinny model. Her mother did the most damage. One night Patrick and Jennifer meet and have a one night stand which changed everything for them.

When Patrick first finds out that Jennifer is pregnant, he does what no one expects and wants to get married. She won't have it because that they barely know each other. I believed that the book story line was great. I liked reading about a wonderful thing turning into a tragedy.

As far as the characters go, Patrick is a great character. Jennifer she often got onto my nerves. As I felt her pain, joy, and pleasure, I could not get over the fact that she always repeated herself and whined. I understand growing up with her mother being overbearing would make her less confident, but it was just too much of the same stuff that got under my skin. The sex and chemistry that Patrick and Jennifer had was to die for, though. I would read the page slowly to savor the heat. They had this bond that was wonderful and powerful ever since the first night. It was WOW!!!!

Would I recommend this book to anyone? I would say yes, because aside from the characters, it's a great love story that has the right amount of sex, love, and emotions involved. I read this whole thing in a day. Since I finished, I have have told lots of readers that they should definitely read this book. If you like hot, sexy, romance then I highly believe that you will enjoy this book .

I liked the premise of the story even though some parts went slow such as the climax of the book it felt like it was going back and forth with feelings every where. Otherwise I liked it.
