Yet, with this soft documents, you could enjoy checking out in the extra time also in the voids of your tasks in workplace.

Review

"Just when it's been prophesied, yet again, that the single author monograph is "nigh unto death", along comes Philip West's perceptive and passionately argued study of Vaughan's religious verse published by a no-less venerable press than Oxford...A fitting combative contribution to Interregnum studies, Scripture Uses will be the measure of much Vaughan scholarship in the future. It will also serve, one hopes another use: to remind the wider world of the continuing value of the single author monograph."--naissance Quarterely

HENRY VAUGHAN'S SILEX SCINTILLANS: SCRIPTURE USES BY PHILIP WEST PDF

It has been said that the poems of Vaughan's *Silex Scintillans* (1650; 1655) are the most biblical in English: this book revises our understanding of that claim, not by rejecting it, but by asking what it might have meant in the 1650s. Recovering the historical, literary, and scriptural context of Vaughan's poetry and his neglected prose works, particularly *The Mount of Olives* (1652), this study reveals the different ways in which Vaughan's work is shot through and fired by the Bible as it was read in the "Godly nation" of the mid-seventeenth century.
