A Softer Way

By Lillian R. Robeau

I bought this book after buying two other books on Patanjali's Yoga Sutras. The other interpretations of this work were....cold...and had little heart, but this book is the complete opposite. Insightful, warm, inviting, and much less 'harsh' than many other translations. Reading this book was the first time I was able to truly connect to and understand the Sutras.

One of my favorite Yoga Sutras commentaries

By Karla Karoma

I love how Jaganath Carrera expresses himself, and his interpretation and commentaries on the beloved Sutras.

When I first began studying the Yoga Sutras, I only had one book, another commentary. I didn't realize the value of having multiple books to aid in understanding the Sutras. Carrera's book is one I go to first for clarification. Highly recommend!

Mind-blown.

By Trevor Parks

This book is easy to understand and it doesn't water down the teaching, majorly! It's perfect for student in teacher training or seasoned teachers who would like a way to bring the sutra's into their class! Concepts that I've striggled to explain to students or give dharma talks about make more sense now, in a less metaphysical way and a more realistic way. This book is a simple, inspiring, and engaging read. The author did an excellent job bringing Sri Swami Satchiananda's classic commentary back to life and applible in the modern day! It gave me so many ideas for themes! I highly enjoyed this and will be rereading! A lot.
