A must have for Chef's

By The Geekster of Planetgeek.net

I am a Chef specializing in French cooking and this book is a "must have". I could only give it 4 stars as it is not available in paperback that I could keep in my back pocket while in the kitchen.7 of 7 people found the following review helpful.

Indispensable

By Matthew mcknight

This book was recommended to me by one of the other Chefs that I work with. It has been increasingly important to me when I don't wish to pull out Escoffier and need a quick reference or just a notion or tickle of what goes into a dish. If you are a home cook I don't recommend this book as it is beyond the scope of most home cooks to understand but if you are a professional and don't yet own a copy I suggest that you treat yourself to this delightful work. the grouping can be hard to get used to but once you are past that you are home free. Enjoy!See all 65 customer reviews...
