MCGRAW-HILL'S TAXATION OF INDIVIDUALS AND BUSINESS ENTITIES, 2013 EDITION BY BRIAN SPILKER, BENJAMIN AYERS, JOHN ROBINSON, EDMUND OUTSLAY

PDF

McGraw-Hill's Taxation Series continues to provide a unique, innovative, and engaging learning experience for students studying taxation. The breadth of the topical coverage, the storyline approach to presenting the material, the emphasis on the tax and nontax consequences of multiple parties involved in transactions, and the integration of financial and tax accounting topics make this book ideal for the modern tax curriculum.

With over 275 schools adopting the 3rd edition, McGraw-Hill's Taxation of Individuals and Business Entities resonates with instructors who were in need of a bold and innovative approach to teaching tax. 280 professors have contributed 250 book reviews, in addition to 17 focus groups and symposia. These instructors were impressed on the book's organization, pedagogy, and unique features that are a testament to the grassroots nature of this book's development.

No Access to Connect

By DudeBroMan

Not only is this book hell expensive, but the book didn't come with the McGraw Hill Connect dealio. Which in turn means you have to purchase the access for 50 extra bones. What a bummer :(

2 of 2 people found the following review helpful.

Great text

By Marlene

The text I purchased came at a very affordable price and it had minimal inside writings. Some items have changed from this year's edition (2014). I advise those whose professors require the 2014 but still allow the

use of 2013 to make sure to have acquaintances in class to compare when numbers are assigned from the exercises at the end of the chapters. In fact, take pictures of a friend's exercise numbers because some questions have been switched around. Also, please take into account the tax changes that may have been imposed in 2014, such as personal/dependency exemption amounts for 2014, and percentages for other exemptions or deductions.

Great way to save money

By lmjjj

This is a great alternative to the hard cover book. It includes everything you need, except for the additional Connect software. The books my classmates purchased online and in the book store didn't come with it either, so we were all on the same level as far as resources go. I highly recommend purchasing this version, along with a 3 ring binder (large for the entire book and small to pull out the chapters you're focusing on).
