O'NEILL'S TEXAS BRIDE (THE MCCLINTOCKS BOOK 2) BY CAROLINE CLEMMONS PDF

New cover. Finn O'Neill longs for his own ranch, his own horses, his own home and family but thought the lofty dream beyond him. Now the opportunity has arisen but to achieve his dream, he bargains with Grandpa McClintock and his nephew to pose as a miner and seek out the person or persons causing disasters at the Farland Coal Mine.

Stella Clayton has witnessed the heartbreak and tragedy of a coal miner's life. Her family came from England to the promise of a better life only to find the same hardships. She is determined that her young brother will never follow in their father's footsteps. And she vows she will never marry a man who engaged in that work. She fights to resist charms of the handsome Irishman who's recently come to work in Lignite, Texas.

When Finn arrives in Lignite, he immediately falls for the beautiful schoolteacher, Stella Clayton. But her father is one of the men suspected of causing destruction. What Finn discovers soon puts him and members of the Clayton family in peril. Can he salvage his dream, fulfill his promise, and protect the woman he loves and her family?

I was given an ARC of this book for an honest review and I loved it so much that I've just one-clicked it.

By Liette Bougie

I was given an ARC of this book for an honest review and I loved it so much that I've just one-clicked it.

O'Neill's Texas Bride is the second book in The McClintock Series. I've found it's a very enjoyable story, well-written and with characters that are engaging – even the villains.

Welcome to the world of Farland Coal Mine and the daily life of the miners and their families and follow Finn O'Neill's undercover operation to discover what's – or rather who's – behind a series of disasters that are anything but coincidences. Meet young Stella Clayton, the schoolteacher with whom our undercover agent will fall in love with.

However this is not a conventional love story. Yes, romance plays an important role in the book, but what I've really appreciated is that a lot is devoted to the mystery surrounding all those so-called accidents and the details of the day-to-day life in the mines. So, meet all the other protagonists – whether they are the main characters or the secondary ones – and as Finn pursues his investigation, try to figure out who is the culprit. Love, mystery, plot twists... What more could you want?

I believe Caroline Clemmons has put a lot of research in that book and the end result is absolutely great. I'm looking forward to the next book in this series.

A must have in historical western romance

By nurselolab

I was given an advanced readers copy or an honest review. This was the first book I have read from Caroline Clemmons. I absolutely loved it.

Finn wants to buy a ranch but he has to help "Grandpa" before grampa . Will help finance it. He is sent to a mining town to see who is causing multiple "accidents". While there he meets Stella who refuses to marry a miner. He falls in love with Stella. Does she give him a chance? Of course.

This book is very well written. I felt like I was there living beside these people.

Her research appears detailed. I can't wait to read another Caroline Clemmons book.

It's a must have if you like historical western romance.

O'Neill's Irish Bride by Caroline Clemmons, an excellent historical romance.

By Brenda Player

This newest book in the McClintocks series is charming. The hero, Finn is a delightful Irish rogue. Ms. Clemmons knows her Texas history and paints a wonderful picture of the people and places. Although Texas isn't known for coal mining, it was a piece of history I had been unaware of. I enjoyed the relationship of the Clayton family. Finn never gives up on his dream of a ranch and fights to convince Stella he truly loves her. She weaves a good mystery in with the romance. I thoroughly enjoyed this story.
