Deep under the bright, shining surface world of the humans and the elves of the woods is the subterranean empire of the dark elves - and its capital is the Hollow, a bustling, shadowy metropolis peopled by the proud, ferocious blue-skinned dark elves. In this matriarchal society, there is a sharp divide between sex for pleasure and sex for procreation. The former is done at leisure, but the latter is done solely within the confines of the Temple of the Fifth Queen - and only when a given dark elf female begins to feel an ancient, primal urge to be filled with child.

That time has come for Spiryl - she's put it off for too long. The heat of the mating-urge is about to overwhelm her. She arrives at the Temple and asks to be included in the next ritual - to be tossed into the breeding pit and fucked by eight chosen men, the strongest and most worthy among all dark elves, the fathers of nearly all children conceived in the Hollow during their year of service.

Unfortunately for Spiryl, she's easily the prettiest of the four dark elves in this ritual - and all eight of the men fixate on her, turning this breeding ritual into a dark elf gangbang that won't end until all eight men have filled her with their virile seed!

Scion: Ritual Breeding among the Dark Elves contains explicit sexual content, and is not intended for readers under the age of eighteen. This is an adult short story at approximately 5,000 words length, and is packed with charged, virile sex between one dark elf girl trapped between eight horny dark elven men. Also included is a free preview of another story by Johannes Lowe, Bred by the Dragon.

Left Wanting More

By Loves Shifters

I loved it. Spiryl is a dark blue elf who has finally been feeling the urge to procreate and must go to the Temple of the Fifth Queen to partake in this orgy/ceremony in order to get pregnant. (It was kinda creepy thinking about those 8 warriors fathering every child born that year and if that would lead to incest down the road.) The world this story was set in was so interesting, I would love to read more. There was also a twist at the end that makes me hope we get a sequel.
