If someone else wrote this book I would have given it 4 stars. But Mr. Leston writes so much better than others that I am probably being tough on him. This wasn't quite as good. The Alexander's tomb one previous to this one had me stumped up to the last chapter. "The Amun Chamber " is awesome. Want more books by him now. Read :The Snow Leopard, The Amun Chamber, The Emperor's Treasure, The Genghis Tomb and honestly enjoyed them all

I generally like this series, but this book is just OK. I enjoyed the overall plot and historical aspects, but the dialogue is stilted and the editing is terrible. I won't stop reading the Manning series, but I hope things improve a bit.

great author

By M. Andrews

I love all of the Professor Manning books, this one was good and the story interesting, the only complaint was the dialogue was very stilted, did not flow very well, I am not sure why, the other books were fine.
