I have loved this series

By Super Syl

I have loved this series!! I was so excited for the next book to come out. As I read the story I loved the direction the author was taking, and then the book ended. I was so disappointed that after 3 books all the reader got was an epilogue of couple actually together, no wedding or courtship. I felt like chapters are missing. The cover of the book is a picture of a wedding yet we don't get any information about the wedding just that it took place. I still like the story but if your going to take 3 books to bring a couple together I would hope it would not end so abruptly.

PLEASE KEEP WRITING, KAREY WHITE!

By Louise Pledge

I love Karey White's books and could hardly put this one down, wondering how long it would take Angus to come to his senses :) I want to quote the advice that his mom and dad gave him, but I'm afraid it would give away a little of the ending.

So cool to read a "clean book" that has a fun plot, besides!

What a Perfect Conclusion!

By i blog 4 books

When I first heard the premise for The Husband Maker series, I knew this could be a huge hit. After reading all three books, I can say with certainty that I was right!

The Wife Maker is the third installment in this unique series. (The books definitely need to be read in order!) After getting to know Charlotte in the first two books and being heartbroken (twice!), I came into this book needing (!!!) Charlotte to get her happy ending. I knew based on the title that surely it would happen, but Karey White doesn't just give it to us. No, Charlotte (and the readers) certainly had to work for it.

Based on where the previous two books took us, I wasn't sure that there would be sufficient tension to really warrant a third installment. Let me assure you, I was wrong on that note. The Wife Maker was equal parts drama and romance, and I was anxious to see exactly how everything would end.

I've been thoroughly impressed with this entire series, and The Wife Maker is the perfect conclusion. I can't wait to see what Karey White has up her sleeve next! [5 stars]

I received a free copy of this book from the author in exchange for my fair and honest review.
