Stitch dictionaries are nice to have

By Elizabeth

Stitch dictionaries are nice to have. I don't think this has anything especially different in it than others do. It doesn't have charts, which is a bit disappointing. But otherwise, it's a solid little guide despite its dated pictures.

10 of 11 people found the following review helpful.

for beginners and experienced crocheters

By Patricia R. Andersen

THIS is a great book just to browse thru, while you're trying to think of your next project. The photos of the stitches will entice you and invite you to try all of them. And of course, if you run across a reference to a stitch you're not familiar with, you can check it out.

I recommend this book for beginners and experienced crocheters.
