"Not for the faint of heart or weak of stomach, the 19 stories in this new best-of annual anthology feature episodes of graphic gore and violence—including torture, dismemberment, self-mutilation, and home abortion—that are designed to push buttons as well as boundaries...strictly for hardcore horror fans."—Publishers Weekly

Editors Randy Chandler and Cheryl Mullenax put the call out to horror writers and editors of extreme stories, the hardcore stuff that breaks boundaries and trashes taboos, the transgressive tales you can't "unread" (as Chuck Palahniuk says). We staked out our territory and nailed this to the wall to guide us:

YEAR'S BEST HARDEST HORROR Not your mama's best-of horror annual. This stuff comes from the edge of the abyss, stories you read at your own risk because you feel the abyss looking right back into you through the tainted lens of each twisted tale.

Some of the stories you'll find here are loaded with very graphic descriptions of violence, sex and depravities, while others may contain only one shocking moment of brutality. In others, the hardcore aspect may be less graphic and subtler than you might expect. Some of these quieter tales offer the reader some time to recover from the more disturbing ones preceding.

Most of the stories collected here are from small and specialty press anthologies, with a few from periodicals, like the prestigious Splatterpunk Zine in the UK and Thuglit here in the US. Bizarro is also represented with a couple of tales from the unlikely anthology Blood For You: A Literary Tribute To GG Allin from Weirdpunk Books. (If you're not familiar with the late GG Allin, you can find snippets from some of his outrageous and obscene punk shows online, which will increase your appreciation of those two tales.)

So for now, forget about that neighbor you suspect is a serial killer, don't worry about the drunk driver that could take you out on your next trip to the store, push those troubling news stories to the back of your mind and immerse yourself in the imaginary horrors at hand.

But don't be surprised if you sense something dark staring back at you from between the lines. That is to be expected when you enter these forbidding realms. With any luck, you may find something useful to help you survive the approaching Apocalypse.

I really enjoyed Bill's book

By Byron Hurder

Being an amateur radio operator for 40 some odd years, as well as (recently) a builder, I really enjoyed Bill's book. The two things I enjoyed most were the parts about his use of old equipment in foreign lands, and -- since he's a diplomat -- his stories of being a ham while his vocation could well have prevented much of it.

I know he has other offerings, but I sure wish he could manage a second book that focused on those same two things again. It's a very unique situation.
